HOMEMAKERS HAVE SPECIAL COURSE OFFER

Conducted During Four Weeks Period at Canyon High School by Miss Brasuel

IS OPEN TO ALL

Women and Girls of Community Asked to Meet Next Tuesday to Select Courses

An adult class will be arranged in the homemaking department of the Canyon public schools next Tuesday, August 4. Women who are interested in this work are called to meet Miss Fannie Sue Brasuel from 4:30 to 5:30 o'clock on that date and discuss plans.

There will be two classes each week for four weeks. Those for whom the classes will be planned are: homemakers, unemployed girls who are out of high school; business women and girls.

In the first meeting it will be decided as to the type of work which will prove the most desirable to those wishing to enter the classes; and the time most convenient for future classes.

The following subjects are suggested that will likely be of interest to the women taking this work.

Clothing and the woman.

Keeping your wardrobe wearable.

The family's food needs.

Serving family meals attractively without extra cost.

The family and the family's purse.

Marsh Is Guilty Aggravated Assault on Bishir

F. Ralph Marsh was found guilty of aggravated assault in county court yestery, and the jury assessed a fine of $25 and costs.

Marsh was arrested Tuesday evening at the M. S. Bishir home and charged with the assault. Bishir received a broken nose and other injuries at the hands of Marsh and members of his family.

The difficulty started when Marsh allowed his chickens to run at large, and property was damaged at the Bishir home. The chickens were taken up by Mr. Bishir. Marsh asked that they be released Tuesday evening, but feed and damages were asked by Bishir.

According to the testimony, after Mr. Bishir had knocked Marsh down, Mrs. Marsh and children begged that Marsh be allowed to return home. Bishir was again attacked, this time all of the family engaging in the fracus, and according to the warrant Marsh was charged with striking Bishir with a stone while he was down.

County Attorney J. D. Barker prosecuted the case, while Marsh defended himself with no attorney. The jury was out but a few minutes, and assessed the minimum penalty.

Band Collects $77 Fund Saturday for Purchase of Horn

As a result of the tag day Saturday, members of the Canyon public school band collected $77. The money will go toward the purchase of a large horn which is necessary in the organization.

The instrument which is needed will cost $300 and the band members will use other means of raising money to secure the balance of the funds.

The band played an interesting program Saturday afternoon at 5:00 o'clock. Director R. G. Stevenson is highly pleased with the work that is being accomplished by the band during the summer months.

T. V. Slack was brought home from the Amarillo hospital Saturday where he underwent an operation for appendicitis two weeks ago.

Mr. and Mrs. Robert Hunt are on a vacation trip to California.

Chickens, Stock In City Limits Do Damage

Chickens running at large; keeping hogs in the city limits; cattle and horses which are allowed to get out, or are kept in unclean pens, are a menace within the city limits.

The city has ordinances controlling such pests, and those who persist in the violation of the law should be prosecuted.

Plans Are Received on the New Building of Canyon Postoffice

Postmaster Guy Harp received a set of blue prints and specifications for the new postoffice building. The government has called for bids on the building to be opened in Washington on Friday, August 21. Citizens who have inspected the blue prints are pleased with the type of building which will be constructed.

Congressman Marvin Jones was here Friday afternoon visiting with friends, and expressed great appreciation to his friends who were working for his re-election.

Mr. Jones stated that it was his understanding that approximately $65,000 had been set aside for the Canyon postoffice. The contract was expected to run around $52,000 and the balance of the money would go into furniture and fixtures. Mr. Jones stated that the people of Randall county would be well pleased with the building when it was completed.

$82,688.75 Placed in Baby Bonds Thru Canyon Postoffice

According to a report made this week, patrons of the Canyon postoffice have invested $82,688.75 in government baby bonds. These bonds will have a maturity value of $103,360.25 in ten years.

Postmaster Guy Harp states that people from all walks of life have bought these bonds. The children of the public schools have invested their savings in a number as a result of the study conducted during the last term of school.

Creating an education fund for children has been quite popular use for which these bonds have been bought by parents.

According to a government report the sale of these bonds has increased very rapidly since they were placed on sale in March, 1935.

The bonds may be purchased in denominations of from $25 to $1,000, maturing in ten years. They may be cashed at any time on 60 days notice, but do not pay a full rate of interest if cashed before the 10 years are up. The rate for the full period amounts to 2.9% interest.

Randall Woman Places Fourth Wardrobe Work

Mrs. R. B. Gist of the Sunny Hill Home Demonstration Club of Randall County, won fourth place in the State-wide Wardrobe Division work at the A. & M. Short Course held at College Station last week. Mrs. Gist was first place winner of this county.

There were 72 entries in this division of the work and it is a distinct honor to Mrs. Gist and Randall County that she placed fourth. She was awarded a beautiful 72-piece set of silver in recognition of her work.

All the women of Randall County who made the trip to Short Course returned Tuesday.

County Convention Next Saturday and Votes Canvassed

Democrats of Randall county are called by County Chairman Clyde Warwick to meet at the court house Saturday afternoon at 2:30 o'clock for the county convention. Delegates will be elected to attend the state convention and the various district conventions.

Immediately following this convention the County Executive Committee will canvass the votes in last Saturday's primary, and will arrange for the second primary to be held on August 22.

District Court Opens Summer Session Monday

Light Docket Will Provide Little Business for Term — Grand Jury to Start Monday

The summer session of district court will open next Monday.

From every indication the business of the term will be very light unless criminal cases take more time than is customary.

Judge E. C. Nelson will open the term Monday at 10:00 o'clock. He will instruct the grand jury as to its duties in investigating violations of the law. Grady Hazlewood will assist the grand jury in its work. This will be the last term of court in Canyon in which Mr. Hazlewood will work as his term of office expires January 1st. He will be succeeded by Robert E. Underwood, his assistant, who was nominated in the primary last Saturday.

The petit jury has been summoned to appear Tuesday. There are few civil cases ready for trial in this term, according to court officials.

Sportsmen To Meet Tonight; Tucker Speaks

All sportsmen of the Panhandle are given a cordial invitation to attend a meeting this evening at 8:30 o'clock in the Crystal Ball room of the Herring Hotel, Amarillo.

Dr. T. W. Sharp, secretary of Texas Wild Life Federation, Wm. J. Tucker, executive secretary of Texas Game Fish and Oyster Commission, and Jack Lamb, famous bass fisherman, will appear on the evening's program.

Mr. Lamb will also give a demonstration of bass fishing at the Amarillo City Lake this afternoon. Everyone interested is given a special invitation to attend both the demonstration and the meeting.

Mrs. Seth B. Holman, publisher of the Hereford Brand, spent Tuesday night at the home of her brother, Harvey Cash. She will leave Saturday for a month's vacation trip to the Great Lakes.

ELECTION ENDS MOST OF RACES IN THIS COUNTY

Only One Run-off Slated in Randall — One District Race and Two State Races for August

SMALL IS WINNER

Barnett and Heath Defeat Two Opponents; Barker and Bauer Defeated in First Primary

The first primary held last Saturday brought out less than 2100 voters, whereas there are about 2600 qualified voters in the county. The greatest shortage was found in No. 9, South Amarillo. This box has about 500 qualified voters and only 275 votes were cast. Only a few more than 1100 voted in precinct No. 1, where there are about 1350 qualified voters.

A number of ballots were reported to be mutilated by the voters. A number of voters made a check mark in front of the name of the candidate favored, while others underscored the candidates they favored. Under the Texas election law, the voter must run a black line through the name of all candidates which they oppose and leave the names unscratched of the ones they favor.

All but two of the state races were decided in the first primary. United States Senator Morris Sheppard was re-elected over five opponents; Governor James V. Allred defeated four opponents; Comptroller George H. Sheppard defeated two opponents; Treasurer Charley Lockhart defeated two op-

Discussion Diseases and Musical Program at Rotary Luncheon

A vocational paper written by Dr. R. A. Neblett was read Tuesday at the Rotary Club luncheon by Bill Smith in the absence of Dr. Neblett.

A musical program of several violin and piano numbers was given by Oscar Croson, accompanied by his sister, Mrs. Newton Harrell.

Treatment of diseases in the early ages was discussed by Dr. Neblett when men found that the use of fire for sterilization, running water for purity, and disposal of sewage was necessary.

Dr. Neblett pointed out that the French failed to build the Panama canal because they did not realize that the mosquito carried disease which killed the workmen. American medical men and engineers conquered the mosquito and disease until the Panama has a death rate less than New York City.

Medical science has largely conquered and controlled the common diseases which caused such wide spread epidemics of only a few years ago, such as yellow fever, small pox, tuberculosis, diptheria, and scarlet fever.

Visitors present were: John McKnight, C. R. McAfee, A. A. Meredith, all of Amarillo; J. W. Shook of Canyon.

Harvest Largely Completed During Week in Randall

Practically all of the wheat in Randall county has been cut. A few farmers report small patches which were not cut, but these amount to very little over the county.

Canyon has shipped 34 car loads while Umbarger has shipped 70 cars.

The elevators are filled with wheat, which is being held for a better price.

Wheat sold on the local market as high as $1.06 during the past week.

Two Teachers Are Elected For Work In Public Schools

The school trustees of the Canyon schools elected two new teachers at the meeting Saturday night.

H. G. Moore of Olton was elected to teach English in the Junior high school. He has his master's degree from the University of Wisconsin and is teaching at Olton.

Miss Mary Etta Eastus was elected teacher of English in the grades. She has a degree from A. C. C., Abilene, and is teaching in the Post schools.

The trustees have not selected a coach to take the position from which Cleve Jones has resigned.

TRACTOR BREAKS LEG OF WM. GRABBE, JR., MONDAY

Wm. Grabbe, Jr., had his left leg broken both above and below the knee Monday morning when he was run over by his tractor.

Mr. Grabbe was tightening a lug on the tractor when the machine was thrown in gear and ran over his leg.

Miss Fannie Sue Brasuel had her tonsils removed yesterday.

Few Trucks Are Being Received For WPA Projects

WPA projects have been held up in Randall county this month owing to the lack of trucks. A few are now being received, and work is progressing faster. Practically all of the men closed out their month's work Tuesday and will not be on the job again until next Monday.

With trucks back on the job, it is hoped that the basement for the museum addition will be completed during the coming week.

The Board of Control has called for bids on the construction of the basement, and these will be opened in Austin on Wednesday, August 12th. After the amount necessary for this construction is determined, the balance of the $25,000 appropriation will be used for the purchase of display cases.

ELECTION SIDELIGHTS

The first primary is over, and so far as the Democratic primaries are concerned, most of the races have been settled. The few contests which will be fought out in the August primary will not attract a great deal of attention. However, every person who voted last Saturday should take off time and vote on August 22. Those races which were not settled in the first primary are very essential to the welfare of the state government, and attention should be given to these run-off campaigns.

The News seems to be a pretty fair political prophet. We predicted right down the line as to the outcome of practically all of the races, and practically every candidate which we recommended to the voters was elected last Saturday.

The state did well in re-nominating Morris Sheppard over his five weak opponents.

Indications are that Governor Allred will wind up with a safe majority on the official count, or so near a majority that Tom Hunter will give up the fight.

Wasn't it remarkable to see the campaigns of Fischer and Sanderford collapse so completely? Fischer spent thousands of dollars trying to deceive the old people of the state that everyone 65 years of age and over should receive the full $30 per month. Fischer knew his statements were false, but continued making the assertion. Old Jim Ferguson is definitely out, with Sanderford running a very poor fourth.

Colonel Ernest Thompson came very near to a majority, and should have received this majority had his friends not been so overconfident.

The victory of George Sheppard and Charley Lockhart over the field was no surprise.

The News supported John Hawkins for Land Commissioner, but he was defeated by William McDonald. The latter made an aggressive campaign, while the former relied upon his experience in office to pull him through.

The victory of L. A. Woods over Pat Bullock was no surprise, but a very strenuous campaign was made against Woods. It is of interest to know that Bullock received his college training at W. T. From a professional standpoint his election would have been a joke for the cause of higher education, because he took very little college work.

We are not surprised that Cliff Day was left out. He was not acquainted over the state. We shall vote for George B. Terrell in the second primary. J. E. McDonald has made a dismal failure in his office, and impeachment charges were filed against him in the House of Representatives. He should be retired on August 22.

While making the most complete campaign that has been waged against Marvin Jones, John Miller made a very poor showing. It shows very clearly that the Townsendites are very weak in this part of Texas.

The News was disappointed that Randall county did not give Clint Small a larger majority, but rejoice that he was re-elected State Senator. No more bitter campaign was ever waged against any public officer than was made against Senator Small. The minds of the people were purposely confused by the insinuations made during the campaign. Senator Small will continue to give the people of the district the same efficient, unselfish service that he has always rendered in spite of the abuse to which he was subjected during this campaign.

G. H. Little and Herman Wright will fight for the office of State Representative in the second primary. While a bitter campaign was waged in the senatorial race, the representative race was largely ignored.

The people of the district should realize that the House of Representatives is as important a branch of the legislature as is the Senate. The qualifications of the House members should be carefully weighed. With few races to be settled in the August primary, the voters should study the qualifications of these two candidates.

The closest district race ever staged was between Henry S. Bishop and Robert E. Underwood, candidates for District Attorney. Underwood leads on the unofficial returns by eight votes. No doubt the returns will be carefully checked next Saturday in order that no mistakes be allowed to slip through. However, it is seldom that errors are found in the returns which are compiled by the newspapers of this district.

There will be a second primary fight in only one race in Randall county, and this is for county commissioner, precinct No. 2. The present commissioner, W. H. Neal and Clarence Beckman will face each other for the final test.

Sheriff Bob Barnett won over two opponents, as did also Commissioner G. B. Heath.

County Attorney J. D. Barker was defeated by J. D. Hazlewood.

County Commissioner J. J. Bauer was defeated by D. S. Hill in precince No. 3, with only 4 votes between them.

The newspapers have not lost their influence, as the returns in the primary election definitely shows. A group of critics of The News walked the streets of Canyon during the campaign complaining at every recommendation that The News made during the campaign. The opponents of Senator Small were especially bitter against the activities of The News. The only rebuttal necessary is to ask this group to scan the election returns. In those counties where the local newspapers were very active for Senator Small, he won the election; likewise, in those counties where the newspapers were very active for Curtis Douglass, he was the leader. Does that show that the newspapers have lost their influence? Hardly.

Father Coughlin has apologized to President Roosevelt for having called the President a liar. But the tone of his statement leads one to believe that Coughlin still believes what he originally said about the President. The reformers who have no practical business sense would lead this nation into a financial situation which would wreck the nation. Fortunately few people pay much attention to them. The only thing that the third party may accomplish this fall will be to defeat Roosevelt, and then they would be worse off under Republican rule than they ever have under the Democratic administration.

Six constitutional amendments are to be voted upon in November. These amendments are printed in full in this issue of The News. Each and every voter should read these amendments carefully and then consider the arguments which you will hear from time to time regarding these amendments. It is a tragedy that only a few people ever take the time to consider constitutional amendments.

Lest we forget: This week ends our 26th year as ramrod of this newspaper. Our 27th year in Canyon starts on August 1st.

WHOSE OX?

Tahoka News: "When a political speaker urges his listeners to forget party lines, you can be reasonably sure that he mean's the other party's lines," says Charles Guy in his column in the Lubbock Journal.

Isn't it the truth?

We praise Norris for being independent. When he breaks out of the Republican fold and comes over and hobnobs with us Democrats, we acclaim him as one of the Nation's greatest statesmen.

When Borah threatens to "take a walk" out of the Republican ranks and intimates that he may support the Democratic nominee, we throw our hats in the air and yell "Hurrah for Borah!"

But when, after sulking in his tent for a season, he announces that he is a Republican and will support the nominee of his party, we drop our hats and murmur "O Hades," or words to that effect.

And when a Democrat—Al Smith for example—threatens to take a walk out of the Democratic party, the Republicans all laud him as a patriot and we Democrats denounce him as a traitor.

It all depends on whose ox is gored.

Tennis Team of 1935-36 Receives Sweaters Thurs.

As merit awards, members of West Texas State's 1935-36 tennis squad received sweaters Thursday.

The Buff netmen lost three and won three intercollegiate matches during the year. Two of the defeats were at the hands of the powerful Tech Matadors, and the other loss was to the N. M. M. I. Cadets.

In encounters with Oklahoma A. and M. and Amarillo Junior College, the Buffs were triumphant.

Those awarded letters by W. E. Lockhart, coach, were: George Smalley, Glyn Riley, Norton Curry, Bill Allison, Bruce Howard, and Darrell Hemphill. Howard is the only member who is not returning for next year.

According to Mr. Lockhart, the returning netmen are capable of regaining the Lone Star Conference crown which was held by W. T. in 1931.

Excavation Will Begin Monday on Swimming Pool

Project To Be Completed In Ninety Days, Says Hill

John McKnight, Amarillo contractor, will begin the excavation work on the new outdoor swimming pool here Monday morning.

C. S. Lambie is in charge of the entire construction of the pool and has sub-let the excavation work to McKnight.

The $40,000 swimming pool will be faced with rock similar to that used in the construction of Buffalo Courts.

Water in the pool will be completely purified every ten hours with the latest filtering system in use which will be installed.

Approximately ninety working days will be required to finish the work after it begins Monday.

Dr. J. A. Hill, president of W. T. disclosed the fact Saturday that an extra amount will be added to the student activity ticket which is purchased at the time of enrolling to pay for admission of students to the pool.

This sprinter can't win races hampered by this outfit! Cheap, poorly refined motor oils are likewise hampered—by waste material—carbon, gum and sludge-formers—that *should* be removed by further refining.
Now he's *less* hampered—but not *entirely* free. Likewise, most 25c oils are rid of *some* excess waste material — but not *enough*. For until Gulf perfected its Multi-sol process, a *thoroughly* refined 25c oil was not available.

U. S. Treasury Soon to Make Great Gold Haul to New Kentucky Vault

FT. KNOX, Ky.—The United States Treasury Department will make history about the middle of August by moving $6,000,000,000 in gold bullion from secret hideaways to the new $600,000 gold depository in Ft. Knox. This will be the largest shipment of the precious metal ever made.

Stored away in underground vaults of the ponderous gold Gibraltar, the immense fortune will be as safe from ultra-ambitious bandits or siege by foreign powers as man's ingenuity can make it.

Virtually completed, the depository, nestling in the hills of this military reservation, looks the fortress that it really is. Above the ground it appears as a square building of concrete and steel, about 100 feet on a side and surrounded by a balcony. Heavily reinforced corners look much like the defenses of a medieval castle.

The most important part of the structure is under ground where, in a 40 by 64-foot vault, the gold will be stored. This vault rests on concrete mats, 10 feet thick. It is protected by steel plates, which have been treated to give off deadly gas fumes the moment a blow torch is applied to them.

• • •

IT is extremely unlikely, however, that these plates ever will feel the blast of a blowtorch. A maze of passages, running around the vault, could, in an emergency, be flooded on a minute's notice.

Nearing completion, the Fort Knox gold depository is shown in the top picture. As director of the U. S. Mint, Mrs. Nellie Tayloe Ross, directly above, will help supervise movement of gold bullion to the new storehouse.

Most important protective force will be the U. S. army's only mechanized cavalry unit, stationed at Fort Knox. Speedy armored cars and 1300 trained men will be ready for immediate action.

A bombproof roof, "electric ears," radio, and other safeguards will help protect the great store of wealth.

A raid against such an impregnable storehouse appears out of the question.

Moving $6,000,000,000 in gold bullion is a mammoth job. Parcel post charges alone, for instance, will amount to $600,000.

At least 15, probably many more, armored trains will be required for the shipment. Before they start the historic journey, every inch of track they are to travel will be inspected. Soldiers will patrol the more dangerous points and regular trains will be sidetracked.

• • •

THE Postoffice Department has been as thorough as it has been secretive in planning movement of the gold. Department officials are not worrying about the task. Last year they moved $2,000,000,000 in gold from the San Francisco mint to Denver. The shipment was made at night to avoid crowded city streets. Postal inspectors have indicated the same procedure will be followed in bringing the gold to Fort Knox.

The San Francisco-Denver shipment required four months and 25 trains. A detail of 34 soldiers helped postal inspectors, secret service men, and railroad police guard the precious cargo.

No, the men charged with making the largest gold movement in history aren't worrying about their assignment. They recall that the only mishap in the big haul to Denver last year occurred when a guard dropped an 80-pound bar and mashed a toe.

Those romantic scenes you see in the pictures are not merely acting. Famous stars who are more famous for their emoting say they fall in love with their leading lady or leading man in each picture to make it real.

"Remove the teeth and you cure most ills, says a physician. Unfortunately few of our laws have teeth.

A Missouri Farm Girl Is Going to "Show 'em" at Berlin, Martin Believes; Says Helen Stephens Looks Like Another Didrikson

BY PHILIP MARTIN

A SLIM, sinewy farm girl from Missouri will dominate the women's Olympic track and field competition. That, at least, is this writer's prediction.

The girl is 18-year-old Helen Stephens, who stands 5 feet 11 inches, weighs 155 pounds, and covers almost 7 feet per stride when in full swing along the cindered paths. Helen figures to steal the feminine side of the big athletic carnival in much the same way as did redoubtable Babe Didrikson at Los Angeles in 1932.

Bursting from obscurity less than two years ago, when she beat famed Stella Walsh, the Fulton, Mo., lass has gone steadily forward, breaking world records with ease, and making the rest of America's girl runners look like grade school athletes. Right now Helen Stephens appears a certain winner in the Olympic 100-meter dash and a better than even bet to take the discus throw.

• • •

OLYMPIC pomp and competition would abash most girls in Helen's shoes. But this young lady has displayed the same healthy disregard for big names as she did that night in St. Louis after her sensational defeat of Stella Walsh. It was then Helen asked, "Who is Stella Walsh?"

Stella Walsh, of course, is the Polish-born woman who, until Miss Stephens meteoric rise, was considered the best woman sprinter in the world. Miss Walsh, coached by Americans into a record breaker, again has chosen to run for Poland in the Olympics.

Helen Stephens . . . this William Woods College sophomore is undoubtedly one of the greatest women athletes of all time.

Since her trouncing by the unknown farm girl in St. Louis, Stella has refused to race Miss Stephens. They'll meet in Berlin, however, and it's our guess that Helen will run well in front of the Polish star — and also smash Miss Walsh's world record of 11.8 seconds for the 100 meters.

• • •

TIME and again Miss Stephens has beaten this recognized mark. In the Olympic tryouts in Providence, R. I., she hurled the discus 121 feet 6½ inches. This isn't far behind Lillian Copeland's Olympic record of 133 feet 2 inches. Miss Copeland, discus winner four years ago in Los Angeles, will not compete this year.

It is unfortunate that the women's Olympic events won't give Helen a chance to show her versatility. She'd be mighty hard to beat in the 200-meter race, eight-pound shot put, and standing broad jump, were these events on the program.

Miss Stephens holds the world records in the latter two events and the American mark in the longer dash.

The farm has given America many outstanding men athletes. But this is the first time that a rural girl has skyrocketed to such apparently certain glory in the Olympic games.

Considering how fine this railroad transportation is nowadays, you can't travel any cheaper. Fares lowest in history—substantial savings on round trip tickets. So why not take the train? It's safer. It's more dependable.

•

You can't beat the improved travel comfort in coaches and sleeping cars. It's a good thing movies don't have such restful seats—most folks would sure fall asleep.

•

Ever hear about the new Free pick-up-and-delivery of less than carload freight? It's a great convenience to shippers and receivers alike. Western railroads pick up at the door, ship by fast freight, and deliver to door at no extra charge.

•

Railroad trains are running on faster schedules these days. Seems like the iron horse wants to show these new streamlined diesels that he can step out, too. Both passenger and freight schedules have been speeded up.

•

What's more, the railroads believe in "safety first." Last year not one passenger was killed in a train accident on western railroads.

•

Talk to your local railroad agent. He's full of information about traveling and shipping.

•

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

Contracts To Be Let Aug. 7 For Cottage Furniture

The contract for the furniture for the ten cottages will be let Aug. 7, stated Dr. J. A. Hill Saturday. The cottages are designed for use by married student or other students who are mature enough not to require supervision and who wish to live together cooperatively.

The cottage group will be ready for occupancy at the opening of the first semester of the regular nine months session in September.

Prof. T. M. Moore will serve as faculty sponsor of the cottage set-up. Six students will live in each cottage and the entire group will be charged $30 per month for rent. Utilities consisting of lights, water and gas will be furnished included in the charge for rent.

Students will share the expenses of living and by co-operating thus can attend college more cheaply.

"The purpose of the cottages is to give the most modern accommodations at the lowest possible price," said Dr. Hill in an interview.

21,000 Miles . . . Less than 2.00 for Repairs

Temple, Oklahoma
June 24, 1936

Ford Motor Company,
Oklahoma City, Okla.

Gentlemen:

I have driven my 1936 Ford V-8 truck 21,000 miles, practically all over unpaved roads hauling 9,500 pounds and have spent less than $2.00 for repairs.

There are several outstanding things I like about the Ford V-8 over the other make of trucks. The brakes are much safer and better. I have never had a minute's trouble with the rear system. With the other make truck breaking rear axles was a constant source of trouble and worry and I did not drive it nearly as fast as I drive the Ford truck.

No oil is ever added between changes and I get about thirty per cent better gas mileage than with the other make.

Yours very truly,

"WILD AND WHOPEE" TYPIFIES F. W. SHOW

Within the last few weeks the likeness of a rather scantily clad but buxomly beautiful young woman whose brief costume is adorned with stars presumed to symbolize the state of Texas, mounted on an agile and onery paint pony, has become almost as familiar as the bearded brothers on coughdrop boxes or the gent with luxuriant moustacho identifying a certain brand of safety razors.

GALS AND HOSSES

Fort Worth Trade-Mark

The young lady . . . to say nothing of the horse . . . is calculated to make you Fort Worth Frontier conscious. With a costume rather more attenuated than is the custom in the cow country one might gather the implication that there is truth in the press agent's assertion, "you'll se more girls and more of 'em than any time since Cabeza de Vaca barnstormed from Buffalo Bayou to El Paso." Yes, there will be girls and horses . . . and more girls.

To add zest to Frontier publicity the slogan, "Wild and Whoopee," has been coined. This, lest one surmise that the Fort Worth affair contemplates aught save entertainment. With hundreds of communities throughout the state celebrating along historical and educational lines Fort Worth is going in for giving folks a good time . . . and in a big way.

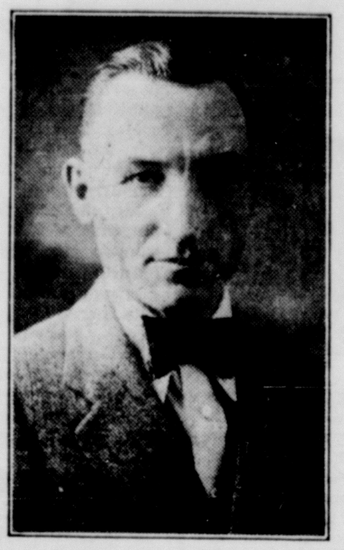
A WORD OF APPRECIATION TO THE VOTERS OF PRECINCT NUMBER ONE



I do not have words to express my appreciation to the voters of this Precinct for their support and vote. The only way that I know how to express my appreciation to you is for me to work a little harder in the days to come than I have in the past; and yet you all know that I have worked hard for the betterment of Canyon and Randall County.

To those who thought it best not to vote for me, I will be your Commissioner just the same as to the ones who supported me; and I will serve you in my little way just as I will the ones who supported me.

I appreciate the privilege to work with all the people, and I assure you that at any time you call on me I will do my best to serve you. Best wishes to every voter of Precinct. No. One.
